Letter No. 107058 P & DVI /48-17.
-.-

From:

K.G.Menon, Esq. M.B.E.,I.C.S.,
Joint Secretary to Government,
Development Department, Madras.

To:

The Secretary to the Government of India,
Ministry of Finance, NEW DELHI (With encls.)

DATED FORT ST. GEORGE THE 27TH OCTOBER, 1948.
-.-

Sir,

Sub: Post-war Development - Schemes accepted by the Centre - Particulars.

Ref: Your Telegram No.D-13815 (B)/48 dated 6-10-1948 and No.18(1)-P/48 dated 13-10-1948.
- - -

With reference to the Telegrams cited, I am directed to forward herewith a statement in two parts showing (1) development schemes already commenced and (2) Development schemes proposed to be started this year and next year. A few schemes for which the approval of the Government of India have been applied for and which have already been implemented have also been included in the list. The schemes relating to each department have been arranged in the order of priority and necessary remarks have been added in the last column of the statement. Particulars relating to Grow More Food Schemes have not been included in the Statement as this Government consider that it will be inadvisable to omit or reduce the provision for Grow More Food Schemes in view of the grave food situation in the country.

The total expenditure incurred or proposed to be incurred by this Government during 1948-49 on all development schemes including Grow More Food Schemes is -Rs.968.25 lakhs. On the basis of this expenditure, the Central Grant required for 1948-49 may amount to Rs.484.125 lakhs as against Rs.442-1½ lakhs sanctioned by the Government of India with reference to the programme of postwar development schemes for 1948-49. I am however to add that the actual expenditure on the various schemes may be less than anticipated and the Government of India's grant actually payable may not exceed Rs.400 lakhs. For 1949-50 rough estimates of expenditure furnished by heads of Departments, aggregate to a total of Rs.1010-08 lakhs for postwar schemes only. Similar estimates have not been received in respect of Grow More Food schemes. This Government however anticipated the expenditure on postwar and Grow More Food Schemes during next year may be Rs.10 crores and the on this basis the central grant required may be about Rupees 5 crores.

As regards the loan requirements of this Government, I am to state that for 1948-49, this Government have already obtained Government of India's sanction to a loan of Rs.3 crores required for financing schemes of a capital nature including Postwar Reconstruction and Grow More Food Schemes. As far as can be foreseen at present, a loan of Rs.6 crores will be required in 1949-50 for financing Postwar development schemes.

I am to add that particulars regarding schemes financed

from loan money are not yet ready. These particulars will be furnished to you in a supplementary statement.

Yours faithfully,

K.G. Menon,

Joint Secretary to Government.
